

Comerge stands for a young team of highly-qualified IT specialists whose distinct focus lies on the needs of the customer. Our goal is to jointly realize great software solutions for our customers. To reach this goal, we rely on an agile software process and a strong team that helps shape Comerge.

To support our team in Zurich we are looking to hire immediately or by arrangement a motivated and flexible

User Experience/User Interface/Interaction designer (m/f) 100%

with a degree in media design or IT-/web development.

You have a love for creative work and have experience in using Photoshop, Illustrator and InDesign as well as knowledge in HTML, XML and CSS to turn business processes into attractive and intuitive user interfaces. You create modern designs, you are technologically flexible and you like working in a solution-oriented environment based on an agile development process. You have good communication skills, are a team player and dedicated to your work.

As a designer at Comerge, you support and advise our software engineers during interesting projects in the area of the Web 2.0, client-server applications and data visualization for customers in Switzerland or abroad. Modeling business processes as interactive prototypes based on user stories, use cases and various diagram types are part of your job. You take over the quality control of the developed software solutions with respect to usability and accessibility and ensure continuing education of our team in these domains.

At Comerge, we strive to reach a balance between independent work and collaboration with the team resulting in a pleasant and productive working environment. Respect, self-responsibility, and collegiality are at the center of our company ethics.

Are you looking for a new and interesting challenge in a modern working environment with a motivated and dynamic team near Zurich Sihlcity?

Send us your detailed application and your documents via e-mail or by post.
